

TOP 6 BENEFITS

FOR FOOD COMPANIES

Zehnder Clean Air Solutions offers you a flexible air purification service tailored to your requirements. Clean air helps you benefit from **smoother running processes** and a **healthier working environment**. This all contributes to a more reliable and efficient delivery to your own customers as well as a **reduction of your overall costs**.

READY FOR INSPECTION AT ANY TIME

The environment meets high standards typically required by external inspectors. Hygiene and cleanliness are continuously maintained with up to 70% less effort. Dust particles, spores and gases are all reduced.

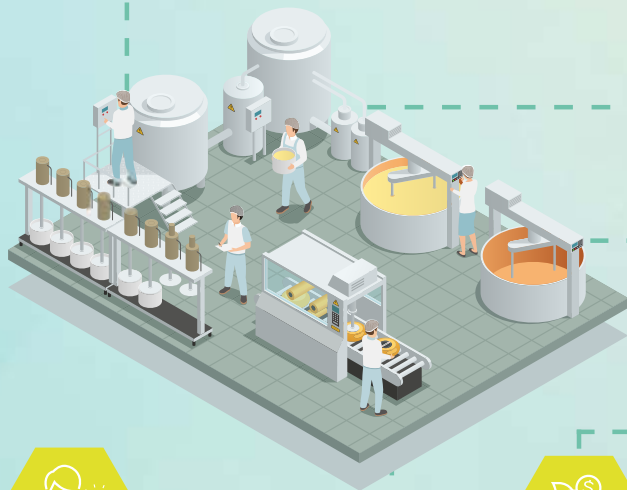

IMPROVED REPUTATION AND CORPORATE IMAGE

Satisfied customers, visitors and employees, efficient processes and positive inspection results are enabled by a clean, natural working environment. Together these points strengthen the company's image and reputation.

HYGIENIC PRODUCTION

Product quality is protected because up to 90% of dust, bacteria and spores are constantly being extracted from the air.

REDUCED OPERATING COSTS

Contamination, cleaning, absenteeism, maintenance and energy usage are all reduced by maintaining a clean working environment. Zehnder has benchmarked cost savings in each of these areas.

IMPROVED STAFF PRODUCTIVITY

Clean filtered air reduces sick leave by up to 40%. Reducing unhealthy dust particles makes your workforce healthier and more motivated, improving retention, output and work quality.

FEWER COMPLAINTS AND RETURNS

Product returns are greatly reduced by cutting contamination during production and logistics. You save processing costs and wastage, and increase the likelihood of repeat purchase.
